Dear Mr. Fraim,

On behalf of the thousands of women who are struggling to rebuild their lives and provide a safe, loving home for their children, thank you for your generous gift of \$1,000.00. Last year alone, nearly 13,000 women and children sought help at House Of Ruth Maryland.

Your contribution sends a strong signal that violence against women and children will not be tolerated in our community. Your generosity will directly impact the programs and services we offer to help victims rebuild their lives, stay strong for their children and get the justice they deserve. It means a great deal to battered women and children that you are willing to ensure that they will not have to face the nightmare of domestic violence alone.

Sincerely yours,

*Thank you
for your
generosity*
